

## Summer 2021 Syllabus Updates

### Syllabus Template Updates

The following sections of the syllabus template contain updates for the Summer 2021 term. It is recommended that you either create a new syllabus using the Summer 2021 template or copy/paste the sections listed below from the updated template on the website into your current syllabi, replacing the previous verbiage.

Updated sections in order of appearance on the Spring 2021 template:

- **Student Support Resources – Summer 2021 – Full Section** – this section (consisting of the Student Success and Student Wellness and Safety subsections) contains significant revisions to keep students up-to-date with the resources available on and off campus. It is recommended you do a full replacement of any prior Student Support Resources sections with the Summer 2021 version for your summer classes.
